Ancient Egypt was a civilization of ancient North Africa, concentrated along the lower reaches of the Nile River, situated in the place that is now the country Egypt. Ancient Egyptian civilization followed prehistoric Egypt and coexisted around 3100 BC (according to conventional Egyptian chronology) with the political unification of Upper and Lower Egypt under Menes (often identified with Narmer).

Ancient Egypt: A Brief History | Live Science

Everyone in ancient Egypt was expected to marry, with husbands and wives being allocated complementary but opposite roles within the marriage. The wife, the 'mistress of the house', was responsible for all internal, domestic matters.
